THE GRATE  
Walnut Hill Forge  
219 Wheeler Rd.  
Litchfield, CT 06759

Dear Sir/Madam

I came to your place looking for an answer to stop the smoking of my fireplace in my living room. I saw your add in The Foot Hills Trajler so I bought the Grate skeptical as to whether it would work or not, simply because we tried every thing and it didn't work. The cost to us was exuberant and to no avail.

I took home the GRATE and used it immediately. I was so excited it worked. No more smoking, more warmth, less logs.

Thank you so much for advertising, and letting me know you existed.

Have a wonderful holiday.

Yours truly,

Mary J. Hornish
