**Wall of Fire**

**First of all I would like to offer my congratulations for inventing a spectacular product that not only works it surpasses any expectations I had for it.**

**Even though we live in California it can get cold and damp here in the Winter and your product has made us warm and cozy.**

**The fact that I do not have to get up constantly to shift logs to get a nice flame is a pleasure. The best part is that it keeps embers in the fireplace even until the next day so all we do is throw some more logs on and instant fire.**

**Thank you for this "Great" product and I have told everyone I know don't bother with any other kind of grate as none can do the job as well as the Wall of Fire Grate.**

**Regards,**
